Interest Group Conglomerate

The Interest Group Conglomerate is a group that was formed to help fund programs that are a change of pace from the types of activities that SAC offers. The group enjoyed an active year. Some of the activities this year included: skiing, karate, canoe trips and a trip to St. Louis and a ballgame. Mike Laird was the chairman and other members were: Deb Halko, John Rardin, Diane Pappa, Ron Bede and Marie Zeine.

MSA

MSA is the representative student government of the student body. It consists of an executive, legislative, and judicial branch with each having distinct responsibilities. It is the general goal of all three branches to help make MacMurray a better place for all.

Perhaps even more important though is that MSA is MacMurray students, all of 'em.

Treasurer Tom Glithero, J-Board Chairperson Jerome Miller, Vice-President Tom Gors, President Dave Ekin.

The Women of Katy Go Marching By . . .

Katy Song

K-K-K-Katy, beautiful Katy,
You're the only d-d-dorm that we adore.
When the m-moon shines over MacMurray,
We'll be waiting at the Key-key-key-key
card door.

TOP ROW: C. J. Upson, J. Jones, G. Bassett; 2nd ROW: S. Iler, M. Reeder, J. Bell; FIRST ROW: L. Kniepman, R. Hartigan, A. Nolan. NOT PRESENT: K. Polit, A. Healey.

Katy, housing all women residents, is perhaps one of the most reclusive dorms on campus. However, by chance one might discover that those hours of secrecy are spent in solitary; the girls are gregarious and giddy, preferring pizza and puzzle parties, tap-dancing, and all night talk fests to somber lives of study and slumber. Are the girls keeping head resident Sally Conway awake?

In laughter and tears shared with friends,
In moments of silence when hearts are close,
In moments of pain . . . soothed by a friend
. . . I feel love . . . and God.

In a newly-opened spring blossom, fragant and tender
In a clear blue sky, in a grey cloudy sky,
When the rain is about to wash the world,
In the green, rolling hills,
In the trees, and grass,
In a lake, a stream,
In a tiny pebble, gleaming in the sun
. . . I feel nature . . . and God.

Eugene E. Kohlbecker
1923-1977

Dr. Eugene E. Kohlbecker was born in Springfield. He received his B.A. degree in mathematics from the University of Illinois in 1952. In the next four years he acquired both the M.A. and the Ph.D. in mathematics — a feat rarely accomplished at the University of Illinois in so short a time.

He took his first college teaching position in 1956 as associate professor of mathematics at the University of Utah. In 1964 he came to MacMurray as chairman of the mathematics department.

Dr. Kohlbecker's research expertise was in analytic number theory. He published several articles in this area, including some in the MATHEMATICS SOCIETY JOURNAL.

This research background was instrumental in bringing two important National Science Foundation grants to MacMurray. He directed these programs of research activity for outstanding high school juniors.

While at MacMurray he was elected by fellow faculty members to serve on the Faculty Status Committee, and to serve as faculty representative to the Board of Trustees. He was adviser to all mathematics majors and pre-engineering students.

Dr. Kohlbecker's teaching always assumed that the student was eager and willing to learn. He hoped that students would come to understand the unity and beauty of the world of mathematics that was so evident to him. If students sometimes disappointed him in this regard he never complained. His methods obviously succeeded with the large numbers of his students who went on to advanced degrees and outstanding careers.
